7. Key Performance Indicator
8. Future Improvements
9. Conclusion

# Problem Statement:

- Green Destination is a well-known travel agency. The HR Director has recently noticed an increase in employees leaving(attrition). She would figure out any trends or patterns. She has surveyed the staff of Green Destinations and provided the data.
- She would like to know the attrition rate (% of people who left the company).
- She would also know if factors like age, years at the company and income play a part in determining if people will leave or not.

# Objective:

- Provide Insights to Hr. Director for employee attrition.
- The staff of Green Destinations provided the data.
- Create the KPI's accordingly.
- Create a dashboard

# Benefits:

- **Cost savings:** Reduced revenue means lower recruitment and training costs.
- **Cultural improvements:** A better understanding of the reasons for leaving will help foster a positive work culture.
- **Enhanced productivity:** Lower turnover rates lead to a more stable and productive workforce.

# Data Overview:

Age	Attrition	BusinessTravel	DailyRate
Department	DistanceFromHome	Education	EducationField
EmployeeCount	EmployeeNumber	Environment Satisfaction	Gender
HourlyRate	JobInvolvement	Job Level	JobRole
JobSatisfaction	MaritalStatus	MonthlyIncome	MonthlyRate
NumCompaniesWorked	Over18	OverTime	PercentSalaryHike
PerformanceRating	RelationshipSatisfaction	StandardHours	StockOptionLevel
TotalWorkingYears	TrainingTimesLastYear	WorkLifeBalance	YearsAtCompany
YearsInCurrentRole	YearsSinceLastPromotion	YearsWithCurrManager	

# Approach:

- **Collect Raw Data-** This step involves extracting the data from different sources relevant to the problem statement or obtaining data from the client.
- **Data Wrangling-** Contains following steps gathering data, assessing data, handling missing data and adding columns.
- **Exploring Data-** Once the data is loaded and pre-processed, we perform data analysis using python libraries and Business Intelligence tools like Tableau public and Power BI.
- **Deployment-** The prepared visualizations are deployed on the [public.tableau.com](https://public.tableau.com) site. Where they will be available publicly.

# Dashboard Components:
